From S.Venkateswaran Esquire, I.C.S.,

~~Xxxxx~~Secretary,

Board of Revenue.

T.Austin, Esquire, I.C.S., Commissioner of Land Revenue and Settlement.

Read the following papers:-

Letter from Sri. Diwan Bahadur M.V.Vellodi, B.A., Collector of South Kanara, Ref.C.No.1482/L-39 dated the 28th February 1939.

Two temporary draftsmen have been employed in this District since September 1927, owing to the unusually large number of sub-divisions, that are being formed and sanctioned. The sanction for this retention, last obtained in G.O.Misc., No 723 Revenue dated the 17th March 1938, expires at the end of March 1939.

2. During the 12 months ending 31st December 1938, the number of sanctioned sub-divisions received for scrutiny in this office, was 10,01

per month - an average slightly less thar

In addition to this, there were 5732 land acquisition and --

and errata sub-divisions, received for scrutiny and plotting during the period. The one permanent and two temporary - draughtsmen now employed in my Office, actually scrutinized during the year 1938, 11547 sanctioned sub-divisions and 5732 errata and land acquisition sub-divisions at a first - scrutiny, besides scrutinising for the II time 4594 sub-divisions and plotting 10902 ordinary and 3005 errata sub-divisions in the Taluk copies of the Field Measurement Book. They also plotted 187 fields in the maintenance set of village maps and prepared copies of sketches comprising 4612 sub-divisions during the period, besides doing miscellaneous work such as comparing taluk copies of the Field Measurement Book with the maintained copies of the village maps in this Office, relating to the non-resurveyed villages of Puttur Taluk preparatory to sending them for re-print. The work done by the draftsmen exceeds the prescribed outturn. The number of sub-divisions pending scrutiny and plotting on 1st January 1939 was 3,263.

3 The retention of the two temporary draftsmen, is necessary both to clear off the arrears and to attend to current work as the number of sub-divisions sanctioned in this District does not show any signs of decrease. On the other hand, the number of darkhast sub-divisions are bound to increase when ~~Government formulate sub-divisions are bound to increase, when~~ Government formulate their policy in the matter of darkhast. Necessary provision has been made in the budget estimate under "7-a Land Revenue - Charges of Administration - A - Taluk Establishments - Pay of Establishments". I request therefore that the Board may be pleased to obtain the necessary sanction from Government.

RESOLUTION.

Submitted to the Government.

2. In the circumstances stated by the Collector of South Kanara, the Board requests that the Government may be pleased

pleased to sanction the retention of the two temporary draftsmen for a period of one year from 1st April 1939.

3. The expenditure will be met from the provision in the Budget Estimate for 1939-1940 under "7.a Land Revenue - Charges of Administration - Taluk Establishments".

A reference is invited to para 32 of the Annual Report relating to Survey, Sett. and Maintenance of Revenue Records and Registration. It will be observed that South Kanara is one of the districts wherein arrears of sub-division work are reported to be very heavy. The retention of the draftsmen may be sanctioned. The draft order may be sent to Dewan for issue.
